

ALVEUS

An expression of taste

GALEO

Galeo family is designed to fit into any **style** and **size** of the kitchen.

We combined the clean, modern design of the drainer surface with spacious bowls. 40 mm bowl radius is a great compromise of straight modern lines and soft edges that allow an easy cleaning.

An optimal bowl radius complemented with great depth results in huge, spacious bowls. Galeo models are available in 3 dimensions with 3 different bowl sizes - from large to extra large.
